

Is “good enough” good enough?

Logan Rath @loganrath on Twitter | Mia Breitkopf @miabreitkopf on Twitter

**Presentation for Discussion, State University of New York
Librarians Association Conference, June 2016**

Two Ground Rules

Introductions

- We've got a good thing going.**
- Let's look forward.**
- Let's dream big.**

We've got a good thing going

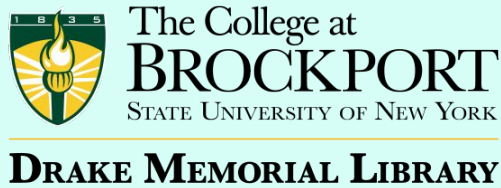

1. How are we transitioning our traditional face-to-face services to accommodate online learners?
2. What exciting pilot projects are going on at your library?

Let's look forward

1. How can the library better support our online learners?
2. How will/should the online learner use the library in 3 years? In 7 years?

Let's dream big

1. If we were inventing the library right now, what would it be like?
2. Who should our aspirational peers be?
3. How can the library empower online learners?
