I couldn't possibly be strong  
And don't tell me  
"You are so courageous!"  
I don't understand why everything I hear is  
So undermining  
People can be  
So contradictory and  
so unimportant  
I hear it everywhere how people are  
So generous  
So encouraging  
But I would like to be  
Hidden in the shadows away from the hurt  
I am  
So insecure  
because people are  
Telling lies to make them feel better  
I suppose  
To make them feel good  
I must be pitied  
For being sad and weak
